

Dedication to Justice Award Recipient

Propelled by the most pressing global crises and Goodwin’s innovative spirit, Goodwin’s Pro Bono Initiative leverages the firm’s lawyers’ interests, passions, and expertise to help individuals, small business owners, and nonprofit organizations that could not

otherwise afford legal assistance. Over the last year, 83% of Goodwin’s global lawyers and nearly all U.S. associates have dedicated time to pro bono clients, culminating in more than 90,000 hours of pro bono work that has had a positive impact on individuals, communities, and social issues across the U.S. and around the world.

Access Justice Brooklyn (AJB) is proud of our strong pro bono partnership with Goodwin, which has included collaborating on behalf of family stabilization clients seeking assistance with Article 17A Guardianship Petitions, as well as those seeking assistance filing for pro se uncontested divorces.

Since the inception of our partnership in 2019, and the establishment of an annual engagement in celebration of Financial Institutions Pro Bono Day, nearly 60 Goodwin lawyers have contributed 600+ hours to delivering pro bono legal support to AJB clients.

Goodwin lawyers have described their experience doing this work as “impactful,” “meaningful,” “rewarding,” and “what we should be doing.”

Thank you to Goodwin for their continued commitment to justice and helping to transform the lives of our Brooklyn neighbors. We look forward to what we know will be a longstanding and impactful collaboration, providing pro bono legal support to residents of Brooklyn for years to come.
